

**General Manager's Report  
Roxborough Water and Sanitation District  
September 16, 2020**

**Information Only**

**General Information:**

- Water Treatment Plant operating normally
- Office still working to correct technical issues with billing, accounting and file systems
- I would like to schedule a Special Meeting to conduct a workshop on the 2020 Master Plan Update on either September 30 or October 7. This would be an in-person meeting to allow all Board members to see the presentation, but no food would be served.
- Neighboring jurisdictions – Castle Rock, Parker WSD, Arapahoe County Water/Wastewater Authority, East Cherry Creek WSD, and City of Aurora – are all planning to recommence shut-offs for nonpayment in September and October.

**Dominion Water and Sanitation District/Sterling Ranch:**

- Revised O-Line Agreement nearing completion
- 12-inch water line relocation complete
- Waterton Road extension is being redesigned to avoid conflicts with Roxborough and Aurora transmission lines
- Day-to-day operations going well

**Ravenna:**

- Nothing to Report

**Inclusions:**

- Nothing to Report

**Lambert Reservoir/Meadow Ditch Water Rights:**

- Working on completing Feasibility Report
- Anticipating meetings with potential partners to discuss future use of water

**Public Outreach:**

- Blog post on continued operation during COVID
- Blog post on statewide drought and need for water conservation
- Town of Castle Rock has requested Roxborough support regarding new Pine Canyon development in Douglas County
