

General Manager's Report January 16, 2019

Information only

Administrative Matters:

- We have entered into a Software Agreement with Daupler for after-hours, emergency on-call tracking and mobilization. The annual cost of the service is \$4,800, with \$2,400 eligible for reimbursement from the Colorado Special District Insurance Pool. This service will handle the initial after-hours calls and will provide us with tools to track and document after-hours emergencies. The Board delegated authority to the General Manager to enter into administrative/operational agreements at the November meeting.
- We are evaluating a \$1,550 Agreement with Resource Central to participate in their Garden in a Box program for 2019 to encourage low-water use landscaping in the District to promote water conservation.

Information only

Dominion/Sterling Ranch:

- Operations going smoothly overall.
- We are still waiting for updated costs from Dominion for the Plum Valley Heights Capacity Agreement.
- Friday, January 18, 2019, DWSD has invited the RWSD Board, Mike Marcum and I to lunch at the National Western Stock Show Cattlemen's Club. We will meet at the Sterling Center at Sterling Ranch (blue building just south of Titan Road at 8220 Piney River Avenue) at 11:00 a.m. and car pool from there to the Stock Show.

Information only

Inclusions:

- Jaksch – The Board approved the Inclusion Termination Agreement with Christine Jaksch at the November Board meeting subject to final negotiations between RWSD and Ms. Jaksch's attorney. That Agreement is nearly final, and we will be executing it and refunding \$71,947.36 of the \$137,950 Ms. Jaksch contributed to cover the design and construction of her water line.

Information only

Ravenna:

- Phase 2 water line work is progressing well.
- We're still working with Ravenna residents to address all of the buried meter pits and curb stops, but the issue is being resolved.

Information only

Raw Water Irrigation:

- Beginning work to develop a rate structure for all raw water irrigation customers.
- Two action items related to Lambert Reservoir/Meadow Ditch will be discussed later in the agenda.

Information only

Public Outreach:

- Responded to complaints regarding the Ravenna Phase 2 water line project.

- Responded to complaints concerning a leak at a home at 9908 Fairwood that was being discharged to the street via the home's sump pump.
- Responded to a complaint of discolored water at 7660 Elk Court.
