

**GM Report
PVH Subdistrict
October 16, 2019**

Information only

- As of October 9, 2019, we have 1 unpaid SDC in Plum Valley Heights and 4 unpaid SDCs in Chatfield East/Acres.
- There are seven homeowners that are still in the process of completing their services lines and getting the meters set. We are following up with them regularly to ensure they get their service lines installed.
- All residents that have not paid their SDCs have received invoices and we have begun billing them for the Monthly Base Charge. We will assess late fees and interest on any unpaid balances.
- We have identified several alternatives to provide Douglas County with commercial fire flows. We have included funds in the 2020 draft budget to develop design and cost estimates.
