Accountant's Compilation Report

Board of Directors
Roxborough Water & Sanitation District
Douglas County, Colorado

We have compiled the accompanying financial statements of the governmental and business-type activities as of and for the seven months ended July 31, 2019, which basically comprise Roxborough Water and Sanitation District's basic financial statements as listed in the table of contents. We have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of financial reporting and for placing basic financial statements in an appropriate operational, economic, or historical context. Such information was compiled by us without audit or review and, accordingly, we do not express an opinion or provide any assurance on it.

Management has elected to omit the management discussion and analysis, the government wide financial statements, the statement of revenue, expenditures and changes in fund balance – governmental funds, the statement of cash flows and substantially all of the disclosures required by general accepted accounting principles. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the District's financial position and results of operations. Accordingly, these financial statements are not designed for those who are not informed about such matters.

The Supplemental Information is presented for purpose of additional analysis and is not a required part of the basic financial statements. This information has been compiled from information that is the representation of management. We have not audited or reviewed such statements and, accordingly, do not express an opinion or provide any assurance on such supplementary information.

Management has omitted Management's Discussion and Analysis that is required by accounting principles generally accepted in the United States of America required to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting and for placing the basic financial statements in an appropriate operational, economic, or historical context.

We are not independent with respect to Roxborough Water & Sanitation District.

Cash and Reserves Balances

The board of directors has directed the authority to designate a portion of the cash on hand as operating and capital reserves for both the Water and Sewer Funds. The operating reserves will be in an amount equal to 25% of the budgeted annual expenditures for each fund. These funds will be used to fund any operational expenses in excess of operating cash on hand. The capital reserves will be in an amount equal to 20% of the budgeted annual expenditures for the water fund and 10 % of the budgeted annual expenditures for the sewer fund. These funds will be used to fund capital improvements on existing capital assets and acquisitions of new capital assets. The balance in these funds as of July 31, 2019 is as follows:

	General Fund	Debt Service Water Fund	Debt Service Sewer Fund	Capital Projects Fund	Water Fund	Sewer Fund	PVH	Total
Operating Reserve	\$ -	\$ -	\$ -	\$ 161,627	\$ 1,350,000	\$ 500,000		\$ 2,011,627
